Dear Ms. Coleman:

**TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM AND WASTE DISCHARGE REQUIREMENTS – DDR URBAN LP, QUEENSWAY BAY RETAIL ENTERTAINMENT CENTER, 25 AQUARIUM WAY, LONG BEACH, CALIFORNIA (NPDES NO. CAG994001, CI-8295)**

The subject discharge is regulated under Order No. 97-045, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Groundwater Discharges from Construction and Project Dewatering to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, which also serves as your NPDES permit.

We have reviewed your March 20, 2006, letter which requested termination of coverage under the General Permit. The letter indicated that this permit is no longer needed as the project was completed in October 2001.

On May 15, 2006, Board staff inspected the project site and verified that the project is completed and there is no discharge of groundwater from the site to storm drain. Since there is no discharge of groundwater from the subject site, coverage under Board Order No. 97-045, General NPDES Permit No. CAG994001, for the subject site is hereby terminated except for enforcement purposes.

Please note that if future discharges of groundwater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain waste discharge requirements.

If you have any questions, please contact Namiraj Jain at (213) 620-6003.

Sincerely,
